Employment Opportunities

At United Services, we only consider applicants who meet the minimum educational and experience qualifications listed for a position. Our staff of over 250 professionals include 4 psychiatrists, 3 APRNs, over 35 clinicians and more than 100 case managers and other direct care staff. United Services may occasionally have a need for respite and per diem staff. We encourage LCSWs, MSWs, those who are fully fluent in Spanish and English, and individuals who have a diverse background to apply. Because we value diversity and the ability to meet the needs of community residents, United Services pays higher starting salaries to employees who are fully fluent in Spanish and English. United Services also provides LCSW supervision for those seeking licensure.

Below is a list of available positions. Our website is not capable of accepting on-line applications. You have the option of sending your application, resume, and cover letter via:
