

## March in Review

### What happened in March...

- Continued to highlight the health inequities with tobacco use across social media platforms
- Highlighted resources for parents during Drug and Alcohol fact week on how to talk about Substance Use with their children
- Worked with Teen Outreach Program (TOP), at Killingly Intermediate School
- We have officially started the work on our Local Prevention Council Campaign!

### HOW TOBACCO AFFECTS *marginalized communities*

The tobacco industry has targeted marginalized communities for decades specifically targeting the Black, Latinx, Asian, Native Americans, and Alaskan Natives populations. Big tobacco has done this through several different tactics depending on each population.
